

Dear families,

First of all, we want to thank you for your amazing support during these uncertain times. Home learning is new for everyone and we appreciate your patience, effort and flexibility. With the extended closure, we are shifting our learning from reviewing previous material to new learning. We wanted to make this as consistent as possible, so teachers will continue to use the same platforms for activity completion. The attached schedule is a **general** outline that will be followed weekly. You will receive a calendar from your student's team on Seesaw every other week with specific activities and information. "Content" Zoom meetings listed for each content area should be utilized for you and your student to receive help and to ask teachers specific questions related to activities for that subject. We understand this is new, so please let us know how we can help in any way we can. We are all in this together!

The 5th Grade Team

The following is a very basic overview of each content area:

- ELA: Students will all receive a copy of the core text *Esperanza Rising*, there will also links to the audio version on Seesaw. See daily Seesaw Activities for directions and [mini-lessons](#).
 - INDEPENDENT READING: Your child is encouraged to read independently for at least 30 minutes per day. They can read books they have at home, or read through Clever on [myOn](#), i-Ready reading, or from their color level on the ARC Bookshelf.
- MATH: Mathematicians will continue their investigation of Module 3: Adding and Subtracting Fractions followed by Module 4: Multiplication and Division of Fractions.
 - Mrs. Garver's classes will ONLY use OneNote. Be sure your child completes/posts their work in their "Remote Learning" tab located in OneNote.
 - Mrs. Severson's classes will ONLY use Seesaw. Be sure your child completes/posts work to Seesaw.
- Social Studies: Mrs. Carlson & Mrs. Severson's classes only will have activities at this time.
- SCIENCE: Use Seesaw to watch Mystery Science videos and complete activities in Seesaw Activities tab.

Zoom meeting and service provider information will be communicated with specific team calendars. Please help your child be accountable for completing the daily activities. They are only expected to be doing schoolwork for up to 30 minutes per subject per day.

5th Grade General Home Learning Calendar

More specific calendars will be sent by your student's team.

| | Monday | Tuesday | Wednesday | Thursday | Friday | |
|--|--|--|---|--|----------------------|--|
| ELA Learning Targets will be posted on weekly calendar | Read indicated chapter | Read indicated chapter and submit response in Seesaw Activity Social Studies *Carlson/Severson only | Read indicated chapter | Read indicated chapter and submit response in Seesaw Activity Social Studies *Carlson/Severson only | Catch up day! | *Content Zoom meetings scheduled weekly, see team calendar. |
| Math Learning Targets will be posted on weekly calendar | Watch Content Video 1 AND complete practice problems. Daily MATH Rotations | Daily MATH Rotations | Watch Content Video 2 AND complete practice problems. Daily MATH Rotations | Daily MATH Rotations | Daily MATH Rotations | *Content Zoom meetings scheduled weekly, see team calendar. |
| Science Learning Targets will be posted on weekly calendar | Watch Mystery Science Videos for Spaceship Earth Unit AND complete activity/response(s).
